A Prelude to the CME

Lysosomal Storage Disorders are a group of metabolic disorders with varied clinical presentation. The pathogenesis of these disorders are being unraveled and therapeutic options are increasingly becoming available. Early diagnosis helps in preventing complications and instituting therapies wherever feasible. Understanding the molecular basis helps in phenotype-genotype correlation, prenatal diagnosis and also in bringing in new therapeutic models. This CME hopes to give an enriching learning experience for practising paediatricians in the early diagnosis, monitoring guidelines and therapeutic options for children with these disorders. We have with us a very renowned metabolic physician, Dr Ashok Vellodi from The United Kingdom, who has years of experience in managing children with Lysosomal disorders. He will guide us through this two day CME and make our understanding about lysosomal disorders better.

Bank Details

Beneficiary Name	:	Fetal Care Research Foundation
Account Number	:	4642500101679101
Account Type	:	Savings Account
Bank Name	:	Karnataka Bank Pvt. Ltd.,
Branch Address	:	Cathedral Road Branch, Chennai - 600 086
IFSC Code	:	KARB0000464
MICR No.	:	600052006

Day I

May 18 | Friday

Time	Program	Speaker
09.00 - 09.10	Welcome / Introduction	Dr S Suresh
09.10 - 09.30	Lysosome structure and Function	Dr Ashok Vellodi
09.30 - 10.00	Signs and symptoms which make you suspect LSD	Dr Sujatha Jagadeesh
10.00 - 10.30	Gaucher disease types and Manifestations	Dr Ashok Vellodi
10.30 - 11.00	Coffee break	
11.00 - 11.30	Treatment available for Gaucher disease	Dr Ashok Vellodi
11.30 - 12.00	Pompe Disease types and Management	Dr Sujatha Jagadeesh
12.00 - 13.00	Lunch	
13.00 - 13.30	Developing Endpoints in LSD	Dr Ashok Vellodi
13.30 - 14.00	Journal club	Dr Beena Suresh / Dr Jayarekha Raja / Ms Vaishnavi Reddy
14.00 - 15.00	Case presentation - Gaucher disease	Coordinator: Dr Beena Suresh
15.00 - 16.00	Case Presentation - Pompe disease	Coordinator: Dr Jayarekha Raja
16.00 - 16.30	Panel discussion	Dr Ashok Vellodi, Mr Anil Raina, LSD parent
16.30 - 17.00	Coffee break	

Time	Program	Speaker
09.30 - 10.00	Types of MPS	Dr Sujatha Jagadeesh
10.00 - 10.30	Treatment available for MPS	Dr Ashok Vellodi
10.30 - 11.00	Clinical Manifestations of other LSDs	Dr Ashok Vellodi
11.00 - 11.30	Coffee break	
11.30 - 12.00	Clinical Manifestations of Fabry and treatment options	Dr Sujatha Jagadeesh
12.00 - 12.30	LSD - Current treatment options available	Dr Ashok Vellodi
12.30 - 13.30	Lunch	
13.30 - 14.30	MPS case discussions	Dr Jayarekha Raja
14.30 - 15.00	Future prospects of LSD	Dr Ashok Vellodi
15.00 - 16.00	Quiz	Dr Beena Suresh
16.00 - 17.00	World MPS day celebration	
17.00 - 17.05	Vote of Thanks	Dr Sujatha Jagadeesh
17.05	Coffee break
